

We are happy to share with our parents, the digital home library from Frog Street. It is an extension of our new curriculum. You will be able to track what books are being read in class each week at school and with a few clicks online, you will have access to the same books. Parents can read the books of the week at home with their children, which will allow for a more collaborative effort in the nurture and development for the children at our center.

Mrs. Jessica Boulos

Directions for access:

1. Log onto:
<http://portal.frogstreet.com/>
2. Type in the username:
parent
3. Type in the password:
parent
4. Click: Log into account
5. Enjoy navigating through the digital library
